

5A 014 LIU SUM YIN

amazing holiday

Uncle Peter live in Stanley. He invited us and over to go to the Ocean Park last Saturday. There are many facilities in Ocean Park. Since I have always wanted to go to Ocean Park. I was very excited.

We went to Ocean Park in the afternoon. We could hear many people talking. Some children played games. There are many facilities such as the roller coaster haunted house and dolphin show. I was very excited.

The more excited event was the roller coaster. My parents rode in the afternoon. My family wanted to ride the roller coaster with me but I did not want to ride, because I was afraid of heights. My family encouraged me to overcome my fear. Finally I overcame it. I thanked my family for their support.

My family and I had a great time at Ocean Park. I am really looking forward to our next visit to Ocean Park.
