

5A 017 WONG HOI MAN

A trip I will never forget

Aunt Amy lives in Australia. She invited us over to visit the zoo and went to the Great Barrier Reef for a snorkelling lesson. Since I have always wanted to visit the zoo and go snorkelling, I was very excited.

We went to the zoo at one o'clock in the afternoon. First, we went to a seafood restaurant. There were many people. We waited for a long time. We ate lobster noodles, crab and abalone. Next, we went to see pandas. The pandas were very cute.

After that, we went to the Great Barrier Reef to participate in a snorkelling lesson. I was very scared because I hadn't tried it before. I used a snorkel to breathe.

On the Monday we left, I hope we can come back soon.
