Amazing holiday

Aunt Susan lives in Stanley. She invited us over to Stanley Beach last Sunday. Since I have always wanted to see the Stanley Beach, I was very excited.

We arrived at the Stanley Beach at eleven o'clock in the morning. We could smell the salty taste of sea water. We were very hungry so we had a barbecue on the beach. The portion was huge and the barbecue food tasted nice. We were very full.

The next day, we went to Stanley Beach again. The beach was very big and beautiful. We flew a kite and swam in the sea. I changed into my swimsuit and went swimming. Suddenly, my feet was trapped in a rock, "Help me!" The lifeguard heard my cry and quickly rescued me to the shore. Fortunately I was not hurt. I was lucky.

My family and I had a great time at Stanley Beach. The barbecue was nice. I also enjoyed swimming. I am really looking forward to our next time visit to Stanley Beach.
