

My dog

(2C Yau Grace)

Date: 24th February, 2021 (Wednesday)

My dog is small and fat. It has short fur and short legs. It is brown and white. It is a girl. Her name is Pretty. I play with her every day. She likes playing with her toys every day.

Her favourite toy is the toy that looks like her. She always carries the toy in her mouth and she hugs her favourite toy every night, because she likes her toy so much that she doesn't want to put it away. I love my dog. My dog loves me too.

Animals have emotions just as humans do, so when my dog is happy, sad, angry, scared or tired I will know her feelings. For all these years, I have given her enough food and I have given her enough water. I am so happy to have her as my pet, and she is so happy to have me as her master.
