

My favourite season      By Ng Kai Ki Kiki (2A)

My favourite season is summer. The weather is usually hot and sunny.

In summer, I like going swimming and eating ice cream at home. I usually go to eat ice cream and swim with my friends and my sister. I wear a dress or a skirt in summer.

I also like eating ice cream and swimming at the swimming pool. I usually go to airconditioned shops with my sister.

I feel happy in summer because I like eating ice cream. I like summer very much.
