

## Shopping for Mum's birthday

Today is the 10<sup>th</sup> of May. May and Sam are at home. May asks, 'When is Mum's birthday?' Sam says, 'Oh! Today is Mum's birthday. Let's go to a shopping mall to buy a dress for her.' May says, 'Shall we prepare a birthday party?' Sam says, 'Good idea!' Then they go to Sun Shopping Mall.

When they arrive at Sun Shopping Mall, they go to a clothes shop. Sam picks up a dress and asks the shopkeeper, 'How much is this dress?' The shopkeeper says, 'It's seventy dollars.' Sam is unhappy because he has fifty dollars only.

Luckily, they see Uncle Pan. He buys the dress for them. They are happy and then they go home. In the evening, they have a party. They eat cakes and chocolate. May and Sam give the dress to their mum. She is happy.
